

POLARIS

VENT-FREE GAS FIREPLACE SYSTEMS OUTDOOR

Polaris shown with White Stacked Refractory Panel

The pleasure of an outdoor fireplace, the contemporary look of stainless steel and easy installation come together in the elegant **Polaris** Vent-Free Gas Fireplaces from Astria. The clean and sophisticated stainless steel exterior complements outdoor kitchens and furnishings and provides weather resistance for years of carefree enjoyment. The powerful 50,000 BTU fire produces warmth and comfort outside. There is no need for a chimney, so outdoor views are unobstructed. The detailed charred oak campfire style log set, tall dancing flames, deep red glow and realistic lava rock ember bed all add to the realism.

IMPORTANT NOTES:

As with any fireplace, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, ceiling height, accessories chosen and appliance location.

Diagrams, illustrations and photographs are not to scale — consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
